2017 RACE TO SHANGHAI IFC – Volunteers Recruitment
Sunday, 22 October 2017

FOREWORD

Dear Volunteers,

This year marks the Race to Shanghai IFC, an international sporting event as part of the Vertical World Circuit, which will see many world-class runners in Shanghai to compete at IFC. It has been an incredible journey and having the opportunity to play a part in Shanghai's mass sporting event.

None of this would be possible without the assistance of all of you – our volunteers! Whether you are new or a seasoned volunteer, I thank you for your support and efforts. Regardless of your duty – from distributing Race Kit to pouring drinks, from printing certificates to distributing medals, I hope your experience will be a meaningful and enjoyable one.

From all of us at Sporting Republic, a very big THANK YOU and we all look forward to working with you.

Yours Sincerely,

David Shin

Race Director, Race to Shanghai IFC

SHANGHAI CHILDREN'S HEALTH FOUNDATION

Shanghai Children Health Foundation (SCHF) is a non-government charity organization focusing on motivating public care and support to the health care of children. Cooperated with local government, it dedicates to fund-raising and allocating which contributes to child welfare, and has been well recognized for standardized and transparent operation.

- Municipal government officials of all levels have been served as leader of SCHF, and the foundation was awarded "Shanghai Advanced Non-Government Organization" by government;
- SCHF works closely with the public medical institutions on a long term basis;
- SCHF provides diversified medical help and rescue to impaired children of poverty. Over the past twenty years, over 140,000 children directly benefit from SCHF;
- SCHF is among the first foundations be qualified by Shanghai Municipal Administration of State Taxation and Local Taxation to authenticate tax deduction for charitable donation.

As the charity partner of the Race to Shanghai IFC, SCHF will establish a special fund under the name of the race to help targeted sick children be treated in Shanghai Children's Medical Center without any administrative expenses.
