Lyu Xiaoi PhD '25

Lyu Xiaoi graduates with a PhD in Biology, as NYU Shanghai's first doctoral graduate in the discipline. Her research focuses on the mechanisms that drive healthy cells to transform into cancer cells, particularly the role of aneuploidy in tumor development. Using gene editing, viral assembly, and mutation introduction techniques, she investigates how abnormal chromosome numbers affect cellular behavior. During her doctoral studies, she supervised more than 20 undergraduate students participating in short-term research projects, guiding them in molecular cloning, data analysis, and presentation skills. After graduation, Xiaoi plans to continue exploring key questions in life sciences and pursuing further academic research.

Li Yixuan MA '25

Li Yixuan graduates today with an NYU Shanghai - NYU Tisch joint Master of Arts degree in Interactive Media Arts (IMA Low Res). Her thesis explores narrative structures, AI-based interaction, and decentralized co-authorship, aiming to reframe the boundaries between content creators and audiences. She holds a bachelor's degree from the University of North Carolina at Chapel Hill, majoring in Information Science with minors in Neuroscience and Studio Art. Prior to her graduate studies, she worked as a product manager at leading technology companies in China and the US. After graduation, she will continue her ventures in educational and media entrepreneurship, while exploring the integration of Web3.0 and the arts.

Lighting the Pearl Tower
东方明珠点亮上纽紫

Lighting the
Pearl Tower

NYU Shanghai has partnered with the Oriental Pearl Tower to light up the iconic city landmark in violet in honor of the University's graduating Class of 2025. This annual tradition since 2017 echoes the tradition in New York of lighting the Empire State Building in honor of students graduating from NYU's Washington Square campus.

东方明珠
点亮上纽紫

作为上海地标，东方明珠广播电视塔点亮上纽紫，与纽约帝国大厦为纽约大学毕业典礼亮紫色灯光的传统遥相呼应，以庆祝 2025 届学子毕业。这也是延续自 2017 年上纽大首届毕业典礼以来的传统。

NYU Shanghai Alma Mater 上海纽约大学校歌

*We have come to stand together,
soon we'll part our separate ways,
but we leave behind a legacy to light another's way.*

*We will build on our foundation,
cross the mountains and the seas.
Giving rise to strength in unity for all the world to see,
giving rise to strength in unity for all the world to see.*

*We are Shanghai, we're the city of lights.
We are Shanghai, and the future is bright.
We're chasing horizons, dispel the dark give rise to
brightness and love for all lands.
The world is not too big for us to be friends.*

我们来自五湖四海 怀抱热诚理想
求索新知 收获灼见 准备好扬帆起航

以天下为己任 以世界为课堂
我们点亮盏盏微光 照亮彼此方向
我们点亮盏盏微光 照亮前行方向

*We are Shanghai, we're the city of lights.
We are Shanghai, and the future is bright.
We're chasing horizons, dispel the dark give rise to
brightness and love for all lands.*

The world is not too big for us to live...

Written and composed by Jeremy Hisson,
Renzhong Joyce Tan, and Dianna Heldman
Jeremy Hisson、譚人众、Dianna Heldman 作词作曲

*We've opened up our minds, we're reaching for the skies.
We're united together, we breathe as one.
Bridging our nations, the best is yet to come.*

*We are Shanghai, we're the city of lights.
We are Shanghai, and the future is bright.*

*The future's in Shanghai, 这城市流光溢彩
We are Shanghai, 下一站何其精彩
We're chasing horizons,
dispel the dark give rise to
brightness and love for all lands.
听世界在召唤 未来由你我涂彩
边憧憬边勇敢*

*The world is not too big,
for all of us to sing.
The world is not too big for us
to live with open minds,
to live with open hearts.
We're reaching for the sky.
We are Shanghai!*
