

**Fall 2020 Course Offerings by site****NYU Abu Dhabi (Fall 2020 course offering not available yet)****NYU London**

CHEM-UA 9255 Organic Chemistry I (with Lab)	5 credits	Chemistry Required Course
PHYS-UA 9011 General Physics I (with Lab)	5 credits	FoS Required Course

**NYU Sydney**

CHEM-UA 9881 Biochemistry I	4 credits	Chemistry Elective
PHYS-UA 9011 General Physics I (with Lab)	5 credits	FoS Required Course

**NYU Tel Aviv**

CHEM-UA 9126 General Chemistry II (with Lab)	5 credits	FoS Required Course
--	-----------	---------------------

**Spring 2021 Course Offerings by site:**

**NYU Abu Dhabi (spring 2021 course offering not available yet)**

**NYU London**

CHEM-UA 9226 Organic Chemistry II (with Lab)	5 credits	Chemistry Required Course
PHYS-UA 9012 General Physics II (with Lab)	5 credits	FoS Required Course

**NYU Sydney**

CHEM-UA 9226 Organic Chemistry II (with Lab)	5 credits	Chemistry Required Course
PHYS-UA 9012 General Physics II (with Lab)	5 credits	FoS Required Course

**NYU Tel Aviv**

CHEM-UA 9226 Organic Chemistry II (with Lab)	5 credits	Chemistry Required Course

**Sample 4-year Plan for Study Away in Junior Fall Semester ([Create your own 4-year plan](#))**

Year 1

Fall Semester: Shanghai

Global Perspectives on Society	Calculus	8 credits: Foundations of Chemistry I, FoS Chemistry Laboratory, and General Physics I/Foundations of Physics I Honors	2 credits: EAP or Chinese
--------------------------------	----------	--	---------------------------

Spring Semester: Shanghai

Writing as Inquiry	Multivariable Calculus	8 credits: Foundations of Chemistry II, Chemistry II Lab, General Physics II/Foundations of Physics II Honors	2 credits: EAP or Chinese
--------------------	------------------------	---	---------------------------

Year 2

Fall Semester: Shanghai

Perspectives on the Humanities	5 credits: Organic Chemistry I + Lab	2 credits: FoS Physics I Laboratory	Core, Chinese or General Elective
--------------------------------	--------------------------------------	-------------------------------------	-----------------------------------

Spring Semester: Shanghai

5 credits: Organic Chemistry II + Lab	2 credits: FoS Physics II Laboratory	Core	English or Chinese or General Electives
---------------------------------------	--------------------------------------	------	---

Year 3

Fall Semester: New York

Physical Chemistry Lab	Physical Chemistry: Quantum Mechanics and Spectroscopy	Chemistry Elective	Chemistry Elective
------------------------	--	--------------------	--------------------

Spring New York

Physical Chemistry: Thermodynamics and Kinetics	Chemistry Elective	Chemistry Elective	Core, Chinese or General Elective
---	--------------------	--------------------	-----------------------------------

Year 4

Fall Semester: Shanghai

Core	General Elective	General Elective	Independent Study
------	------------------	------------------	-------------------

Spring Semester:Shanghai

Integrated Science or Capstone	General Elective	General Elective	Core
--------------------------------	------------------	------------------	------

### Considerations:

- Most Physics students will consider Abu Dhabi and/or New York for study away due to the course offerings
- Students who wish to be part of the Washington DC Leadership Program ideally apply for junior fall.
- Students who wish to spend two semesters in New York will need to submit a proposal for the second semester demonstrating a compelling academic rationale.
- Students who plan to study in New York, should consider the following:
  - Students should anticipate registering for courses at the College of Arts and Science (CAS) and the Stern School of Business, among other schools.
  - Upper-level Stern courses open to non-Stern students after the first five days of registration.
  - Stern graduate courses are not available to undergraduate students.
  - Students are not permitted to audit Stern courses.
  - Each semester, there are many courses taught in New York that often close to students who are not matriculated majors in the course's sponsoring department; this means they often fill with matriculated NY majors before the majority of students, including students from NYUAD and NYUSH, register. However, a number of these courses are also offered at other global locations, where they are generally open to all students.
  - NYU New York maintains a [campus-wide list](#) covering these courses, along with alternative locations, for the benefit of NYUAD and NYUSH students. All students should consult this list before selecting a study away location and should not include any listed course in their study plans for a semester away in New York.
