

## **NYU Shanghai: IT Notice Desktop/Laptop for Faculty**

*January 2017*

### **Purpose**

Notice on Faculty and Academic Enrichment Fellows' Computer Eligibility

### **Scope**

This document covers all faculty members that work at NYU Shanghai on both temporary and permanent basis.

### **Computer Configurations**

All incoming faculty appointed for three or more years:

- standard desktop (PC) OR laptop (PC or Mac).

*An iMac desktop or Lenovo Thinkpad laptop may be provided with approval of the relevant Dean*

\*Please note that IMA faculty will be provided with

- a standard retina Macbook Pro 13.3

All other faculty members, who come for a semester or a year, including:

Affiliated Faculty from NYU, Visiting Faculty, Recitation Instructors, Teaching Fellows and Postdoctoral Fellows/Postdoctoral Associates will be provided with:

- a standard desktop PC for their use while employed at NYU Shanghai

*Postdoctoral awards may cover periods longer than one year, but eligibility remains the same.*

*Research hired postdocs and support staffs' computer needs are funded from relevant faculty grants and the PI determines eligibility directly.*

*The standard workstations that will be available for faculty members who require this for research purposes are shown on page 4.*

*\*These machines may be subsidized from either internal or external grant funding.*

**\*\* Computers of non-standard configurations as outlined below must be approved by the employee's cost center manager and will have to be ordered separately by submitting a special requisition to Procurement.**

## **Additional Remarks**

Note that IT department will NOT install Windows operating system on Mac platform or provide training to users who are seasoned PC users but elect to switch to Mac platform to “try something different”.

The useful life of NYU Shanghai computers (desktop or laptop) is set to 3 years, at the end of which the full value of the computer will be depreciated and the user is eligible for a new desktop/laptop. NYU Shanghai will be responsible for repair or replacement of parts (including business-related software and hardware) due to normal usage. The user will be responsible for incidental damage or loss.
