Members of the Class of 2023:

As a collective, you embody the vision of NYU Shanghai as an institution of research and higher learning. Whether it is a PhD or a Master's degree you will carry forward into the next stage of your life, you have developed expertise in one of nine disciplines. How fitting then that you are the cohort that bridges two generations of our university's story. Indeed, in this year, you became among the very first students to inhabit our new campus, and together, we marked our 10th Anniversary.

In graduating, you have shown in abundance the kind of diligence and character that drives one to succeed and foretells careers of significance and distinction. We gather to celebrate your achievements, salute how you have enriched NYU in Shanghai and New York, and look forward to seeing what you will accomplish with your special skills and abilities. Know that wherever your path takes you, you will always have a home here.

Congratulations, and we wish you all the very best!

亲爱的 2023 届毕业生：

Lighting the
Pearl Tower

NYU Shanghai has partnered with the Oriental Pearl Tower to light up the iconic city landmark in violet in honor of the University's graduating Class of 2023. This annual tradition since 2017 echoes the tradition in New York of lighting the Empire State Building in honor of students graduating from NYU's Washington Square campus.

NYU Shanghai Alma Mater
上海纽约大学校歌

*We have come to stand together,
soon we'll part our separate ways,
but we leave behind a legacy to light another's way.*

*We will build on our foundation,
cross the mountains and the seas.
Giving rise to strength in unity for all the world to see,
giving rise to strength in unity for all the world to see.*

*We are Shanghai, we're the city of lights.
We are Shanghai, and the future is bright.
We're chasing horizons, dispel the dark give rise to
brightness and love for all lands.
The world is not too big for us to be friends.*

我们来自五湖四海 怀抱热诚理想
求索新知 收获灼见 准备好扬帆起航

以天下为己任 以世界为课堂
我们点亮盏盏微光 照亮彼此方向
我们点亮盏盏微光 照亮前行方向

*We are Shanghai, we're the city of lights.
We are Shanghai, and the future is bright.
We're chasing horizons, dispel the dark give rise to
brightness and love for all lands.*

The world is not too big for us to live...

Written and composed by Jeremy Hisson,
Renzhong Joyce Tan, and Dianna Heldman
Jeremy Hisson、谭人众、Dianna Heldman 作词作曲

*We've opened up our minds, we're reaching for the skies.
We're united together, we breathe as one.
Bridging our nations, the best is yet to come.*

*We are Shanghai, we're the city of lights.
We are Shanghai, and the future is bright.*

*The future's in Shanghai, 这城市流光溢彩
We are Shanghai, 下一站何其精彩
We're chasing horizons,
dispel the dark give rise to
brightness and love for all lands.
听世界在召唤 未来由你我涂彩
边憧憬边勇敢*

*The world is not too big,
for all of us to sing.
The world is not too big for us
to live with open minds,
to live with open hearts.
We're reaching for the sky.
We are Shanghai!*
