NEW BUND CAMPUS
—— 前滩校园 ——

NYU Shanghai's 114,000-square-meter New Bund Campus in Pudong's New Bund neighborhood has been open since Spring 2023.

Composed of four interlocked structures set around an academic quadrangle, the new campus—designed by Kohn Pedersen Fox and the Arcplus Institute of Shanghai Architectural Design & Research—will serve as not only an academic base for the NYU Shanghai community but also a cultural hub for the New Bund area. The University's new home is developed by Lujiazui Group and built by Shanghai Construction No. 5 Group with the support of Shanghai city and Pudong New District.

在上海市及浦东新区政府的大力支持，与Kohn Pedersen Fox (KPF) 建筑事务所、上海建筑设计研究院及陆家嘴集团、五建集团等的通力协作下，上海纽约大学前滩校园于2023年春季正式投入使用。新校园总建筑面积约11.4万平方米，地面以上共九层，采用四栋建筑合围的布局形式，将现代建筑与古典庭院的风格结合。启用后，前滩校园不仅成为上纽大的学术中心，也将成为前滩新的文化地标。

“The best design of a building is to have an interaction between it and its habitants: constructed with the best functions in mind, and in return, it provides a high-quality environment for people living, working, and innovating in it. I am very happy to see that our New Bund Campus has become a home of beauty, ideas, inspiration, creativity, and connection, in which the NYU Shanghai community and the campus will continue to shape each other.”

“最好的建筑设计蕴藏于建筑与使用者间的互动之中：建筑在设计之初便以发挥最佳功能为目标，建成之后为在此居住、工作和创新的人们提供优质的环境。我非常高兴地看到，上海纽约大学前滩校园已发展成为一个传递思想、激发灵感和创意，并构建联系的美丽家园，身在其中的每个人都与这座校园共同成长、互相成就。”

“The design for the campus brilliantly expresses our university’s cosmopolitan spirit, integrating multiple architectural and cultural traditions together with values of environmental sustainability, celebrating everything from the beauty of a hundred-year-old tree to the newest thinking about neural networks.”

“前滩校园的设计语言融汇中西、贯穿古今。校园中百年古树寓意学校百年树人的使命，而现代化的教学科研设施则是践行这一使命的有力保障。”
