ACADEMIC SUPPORT POSITIONS
Teaching Associate/Recitation Instructor in Computer Science

The NYU Shanghai computer science program has several openings for Teaching Associate/Recitation Instructor. The employment term of this position begins from Fall 2021, and the work location is Shanghai, China. This role entails a combination of teaching and other academic support responsibilities. Candidates must have an excellent command of both spoken and written English, be passionate about teaching, and have competence in more than one programming language (e.g., C, Java, and Python). Experience in teaching Computer Science or related courses in English is preferred.

Responsibilities
The Teaching Associate/Recitation Instructor's commitments will include teaching recitations for computer science, preparing labs and assignments for courses, grading homework and exams, and providing one-on-one support to students during the academic year. Enthusiastic dedication to the Computer Science program is essential.

Qualifications
A Master's degree or Ph.D. degree in Computer Science or related field is required.

Application Instructions
Candidates should submit a curriculum vitae and copies of graduate and undergraduate transcripts. Review of applications will begin immediately and will continue until the position is filled. Please visit our website at https://shanghai.nyu.edu/about/work/fellowships for instructions and other information on how to apply. Additional information about the position can be obtained through writing to maggie.mao@nyu.edu.

About NYU Shanghai:

NYU Shanghai is the third degree-granting campus within New York University's global network. It is the first higher education joint venture in China authorized to grant degrees that are accredited in the U.S. as well as in China. All teaching is conducted in English. A research university with liberal arts and science at its core, it resides in one of the world's great cities with a vibrant intellectual community. NYU Shanghai recruits scholars of the highest caliber who are committed to NYU's global vision of transformative teaching and innovative research and who embody the global society in which we live.

NYU's global network includes degree-granting campuses in New York, Shanghai, and Abu Dhabi, complemented by eleven additional academic centers across five continents. Faculty and students circulate within the network in pursuit of common research interests and cross-cultural, interdisciplinary endeavors, both local and global.
