

ARC LEARNING ASSISTANTS SPRING 2021 (Update 02/01/21)

Yijun Zhang

Mathematics
MATH-SHU 131 Calculus

Hi, I am Zhang Yijun, this semester I work as an LA for Calculus. I am now a sophomore from NYUSH and plan to double major in Economics, Social Science and minor in Mathematics. Calculus is hard, but sometimes discussing with others and asking questions can make everything better, and I am so willing to help, meet you and improve together with you! One fun fact I would like to share is I am a big fan of Lego and my collection includes Taj Mahal, London Tower Bridge and Empire State Building. My current expectation is to make a big cupboard and fulfill it with all my Lego works! Feel free to share maths and everything besides maths with me! And look forward to see you!

Julien Nelson-Rowntree

Mathematics
MATH-SHU 131 Calculus

Hi, I'm Julien. I am majoring in economics and minoring in Chinese. I recently developed an interest in teaching, in the Fall I was a Pre-Calculus LA and now am a Calculus LA. During my free time, I like to play tennis, soccer, and I recently picked up the piano. Last semester I enjoyed assisting students, and I look forward to doing so again this semester.

Zining Wang

Mathematics
MATH-SHU 140 Linear Algebra

Major in math at Tandon. Interested in science study of all kinds. Curious about facts. New disciplines can easily interest me. Love music, love singing, love DIY, and love daydreaming. Communicating knowledge with others makes me feel good! It's nice to meet you!

Zixiao Yang

Mathematics
MATH-SHU 140 Linear Algebra

Hi, my name is Zixiao. I major in Math and Data Science. I am about to graduate from NYUSH and I hope to benefit the community in return by assisting students in their math studies. Please do not hesitate to book a session if you have encountered any difficulties in your math studies, especially with linear algebra, calculus, analysis, prob or stats.

Xinyu (Sheron) Gu

Mathematics
MATH-SHU 151 Multivariable Calculus

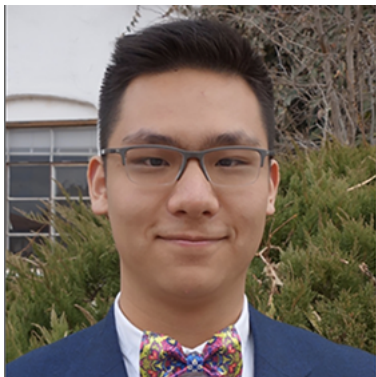

Sheron is a junior double majoring in Computer Science and Data Science. She enjoys sharing knowledge with her peers and wishes to learn from others through her help.

Zhaopeng (Cecilia) Cai

Mathematics
MATH-SHU 235 Probability and Statistics

Hi! I'm Cecilia, a senior majoring in IMA and Data Science. I'm interested in exploring what the latest media technology can offer and how people may use it to construct common emotions. I'm also passionate about dancing, especially ballet and Chinese folk and minority dance. Look forward to meeting you!

Yichao (Alex) Zhang

Mathematics
MATH-UA 121 Calculus I

My name is Alex Yichao Zhang. I am a sophomore at Steinhardt, pursuing a degree in education studies and math. During my freshman year, I had the fortune of studying Calculus with Dr. Wayne Isaac Uy, whose lecture was very inspiring and intellectually stimulating. As someone interested in teaching, I hope to carry on with Dr. Uy's ways of teaching and decide to share my learning experience with my peers.

Shi (David) Feng

Mathematics
MATH-UA 122 Calculus II

Hello, I am David Feng. I am majoring in math and minoring in Japanese. I am from Harbin, China and my main campus is NYC. I am a returning LA and I really enjoying being a LA so I decided to continue this job. My hobby is making Gundam plastic models.

Tiantian Xie

Mathematics
MATH-UA 211 Mathematics for Economics I

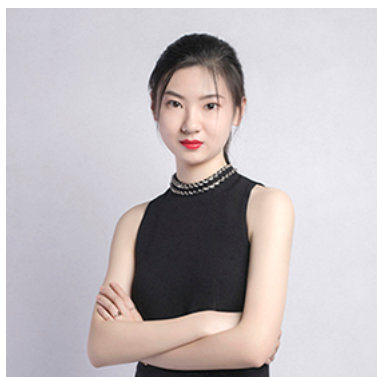

Hi, I'm Tiantian Xie and I'm here as a LA to help you with the academic questions during the MFE I class. My main campus is in New York and I'm major in maths and maybe economics as well. I had MFE class before, I knew the possible problems when studying, and I would try my best to assist you. So just pass by if you have any questions to ask. Besides the academic aspect, sketching and movies are my favorite pastime. I'm a big fan of Doctor Who and Modern Family. Don't wait if you want to discuss about them with me. In brief, I will always welcome your visit in ARC.

Jiarui (Jerry) Zhang

Mathematics
MATH-UA 212 Mathematics for Economics II

Buongiorno! I'm Jiarui Zhang, a sophomore in Liberal Studies. You may call me Jerry. I enjoy all kinds of sports, badminton the most; I'm a Laker fan but not really good at basketball. TV series and animes fill my leisure time. I'd be more than happy to help you out. Please feel free to contact me by email or WeChat: 18618323046 if you have further questions or just wanna chat :0

Jinghan (Serena) Sun

Mathematics
MATH-UA 212 Mathematics for Economics II

I am a sophomore from New York campus. I major in Economics and Mathematics. The reason why I become an LA is that I want to help others and make progress together academically, and build connections with other students in this community.

Jiayi Ji

Computer Science
CSCI-SHU 101 Introduction to Computer Science

Hi, there! I am the learning assistant for ICS this semester. I'm a senior student majoring in Honors Mathematics and Data Science. Looking forward to meeting you all.

You Xu

Computer Science
CSCI-SHU 101 Introduction to Computer Science

You Xu is a junior major in Data Science with concentration in Social Science. Besides Computer Science, he is also passionate about education innovation in China. Looking forward to meeting and communicating with you in ARC.

Leiyi (Chloe) Qian

Computer Science
CSCI-SHU 101 Introduction to Computer Science

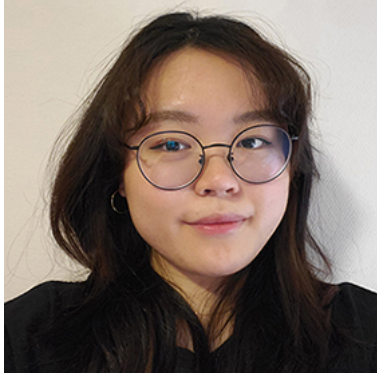

Hello! I'm a junior in CAS studying Computer Science with a minor in Mathematics. The reason why I became an LA was not only to help students with questions but also to make some friends. Outside of school, I love listening to music and exploring restaurants in the city. I look forward to working for ARC this semester!

Muyang (Melissa) Xu

Computer Science
CSCI-SHU 11 Introduction to Computer Programming

Hi, everyone. I'm Melissa, and I'm a sophomore now. My major is computer science, and that's why I chose to be a LA for the ICP course this semester. During the previous semester, I was the LA for linear algebra; thus, I'm pretty willing to discuss the application of linear algebra in computer science. Besides, I'm a big fan of Marvel movies and pop songs. Just feel free to make an appointment with me.

Momoe Nomoto

Computer Science
CSCI-SHU 11 Introduction to Computer Programming

Hi everyone! My name is Momoe, and I study computer science and electrical engineering. I like to work with robots, and you can check out my work in 823 on the IMA floor. Outside of work, I like to explore Shanghai and watch Netflix shows. I became an LA to meet new friends and teach you the tips and tricks to learn programming, so feel free to talk to me whenever you want. Looking forward to meeting you!

Leyi Sun

Computer Science
CSCI-SHU 11 Introduction to Computer Programming

I'm a senior student at NYU Shanghai, majoring in Computer Science. I'm interested in computer systems. Besides my major, I also enjoy linguistics (particularly semantics) and playing the piano.

Zhinuo (Novia) Wang

Computer Science
CSCI-SHU 11 Introduction to Computer Programming

Hello there! I am Novia, a sophomore majoring in Data Science. As a person who believes that a great part of learning comes from teaching, I am more than happy to be here as a learning assistant. I like challenges as well as making friends, so feel free to come to me with any problem that you might come across. Looking forward seeing you and figuring out problems with you then!

Yiyang (Nate) Luo

Computer Science
CSCI-SHU 210 Data Structures

I major in Mathematics and Computer Science, which are two fundamental subjects that would support my future study and work. I like to try different new things, and I have been in touch with art, instrument, sculpture and so on. During the process of learning, I found teaching a very helpful way to both myself and my tutees because we could get the chances to review what we learned and conquer difficulties together. Hope to have a great semester with you!

Wenbin (Jim) Qi

Computer Science
CSCI-SHU 210 Data Structures

Hi, I'm Jim, a sophomore studying CS as my major! This semester I work for the ARC of Shanghai portal campus as an Learning Assistant for Data Structures. My interests in this field are basically around two topics: NLP and Security. I keep a routine of participating in online algorithm contests on Atcoder and Codeforces. Recently I took up baseball as my second sport hobby besides basketball. A fun fact: I can read, speak and type basic Japanese.

Juncheng Dong

Computer Science
CSCI-SHU 210 Data Structures

My major is Computer Science. I become a LA because I want to know more people as well practice my teaching skill. Data structures is also a great course to tutor since it enhance your understanding of the whole CS field. I'm familiar with Python and Java programming, especially in the standard/style of coding. If you have any related problem, feel free to reach me. Personally, I love to watch anime, so welcome to discuss with me after work if you are interested!

Jiayao (Gavin) Jin

Computer Science
CSCI-SHU 210 Data Structures

My name is Gavin Jin and I am a sophomore at NYUSH. I major in Computer Science, a charming and profound subject. I love helping and supporting others in every aspect, so I chose to become an LA. I choose to become a returning LA because I find my past experience exciting and rewarding. I will try my best to help students with the course in a vivid and interesting way. My hobbies include sports, gaming, music, and eating (I am a foodie).

Yijian Liu

Computer Science
CSCI-SHU 213 Databases

I'm a senior majoring in CS. I have taken a variety of CS courses and am mostly interested in computer vision and front-end development. I really hope I can help the students as much as possible as this course is quite useful.

Yuhao Ding

Computer Science
CSCI-SHU 220 Algorithms

Hi, I'm Yuhao and I'm a "bug". I recommend you to find me before your program crashes :) "Debugging" me could be as simple as clicking the link below to make an appointment with me! Feel free to talk with me about CS/DS problems!

Jingyi (Stella) Zhao

Computer Science
CSCI-SHU 2314 Discrete Mathematics

Hello, everyone! I'm Stella (Jingyi Zhao) and I'm currently a sophomore at NYU Shanghai. This semester, I'm the LA of Discrete Maths. I've declared major in Computer Science while I'm planing double major in Computer Science and Maths. I'm a moviegoer but I don't like comedy films. I become an LA because I think peer-tutoring benefits both sides and lets me know more people in our community.

You're welcomed to ask me anything related to the course I support or related to my majors. Don't be disappointed if you encounter any academic difficulty, I may also meet these problems before and I'm always glad to share my study experience or academic concerns. Come to me if you have any questions about my specific area, I may not be able to solve every problem you have but I'll always be glad to help.

Yijie (Hellen) Wang

Computer Science
CSCI-SHU 360 Machine Learning

Yijie Wang majors in Computer Science and minors in Math. As a senior, she takes delight in sharing knowledge with other students and hopes to contribute to the community more. She is also interested in traveling, cooking and cat.

Yiming Huang

Computer Science
CENG-SHU 202 Computer Architecture

Yiming is a senior majoring in Mathematics and Computer Science, with an interest in intelligent systems. Off the clock, she is a dedicated couch potato who enjoys binge-watching reality shows. In her fourth semester of being an LA, Yiming hopes to make the most out of her past experience to contribute to a supportive learning experience at the ARC.

Haoming (Hammond) Liu

Computer Science
DATS-SHU 235 Information Visualization

I'm a Computer Science major Sophomore, and I also minor in Mathematics. Currently, my research interest is semantic segmentation in the Computer Vision field.

Yumeng Zhang

Computer Science
MA-UY 2314 Discrete Mathematics

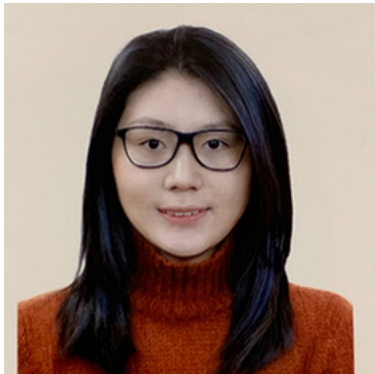

Yumeng Zhang is a junior majoring in Data Science from NYUSH. She is interested in building positive connections with her peers and helping others, which drives her to become a Learning Assistant at ARC. At the same time, she wishes this job can help her further build-up mathematical and communication skills. From Xinjiang, she was often mistaken as an ethnic minority, but indeed is Han (汉族). She hopes her work can help NYUSH students to become better independent learners.

Minjae Lee

Computer Science
CSCI-UA 2 Introduction to Computer Programming

Hello, my name is Minjae, and I am a sophomore at NYU Shanghai majoring in Computer Science. I come from Korea but I lived in Bali, Indonesia for 10 years. I am interested in programming and history, and some of my hobbies are to play games (board, card, online) and to dance salsa.

Ming Cao

Computer Science
CSCI-UA 2 Introduction to Computer Programming

I am a Liberal Studies student interested in computer and data science. I love to explore new problems and join meaningful discussions.

Ruihao (Daniel) Li

Sciences
PHYS-SHU 12 General Physics II
PHYS-SHU 93 Foundations of Physics II Honors

I am a go-local sophomore studying physics and music. I enjoy writing songs, poems, and short stories. I'm passionate in education equity, and I desire to facilitate understandings of fundamental topics of math and physics. Join me in the ARC this spring semester as we explore the beauty of electricity and magnetism.

Shuxin (Sally) Dong

Sciences
BIOL-SHU 21 Foundations of Biology I

Hey Guys, this is Sally Dong. I'm a senior majoring in Biology, and it's been my 4th semester being a tutor. I really enjoy studying science, being rigorous yet creative. I will be assisting Foundations of Biology I for go local students, please feel free to drop by anytime for any questions or just for a quick chat!

Shaoting Peng

Sciences

CHEM-SHU 126 Foundations of Chemistry II

Hi! I'm Shaoting, a chemistry major student. I am glad to help students with questions about chemistry and future careers in this field. You are welcomed to discuss anything with me.

Mahder Takele Teshome

Sciences

NEUR-SHU 303 Introduction to Linguistics: The Science of Human Language

Hello, hello. I'm Mahder, a junior at NYUSH. I'm currently in my hometown of Addis Abeba, Ethiopia. I am a Religion and Language Major (Self-Designed) and an aspiring educator. I genuinely enjoy meeting with students and supporting them through their learning processes, which is why this is my third semester being an LA. I hope to see you during office hours.

Nanfeng (Daniel) Qin

IMA

INTM-SHU 101 Interaction Lab

I get easily excited by real-time human-computer interaction designs. The intersection between art and machine learning also greatly interests me. For all of this I have to thank the IMA community who introduced me to this fantastic world. A shoutout to all the amazing IMA people, be they still here or not! Oh, by the way, if AI/CS + Art/Music sounds interesting to you too, I recommend reading the book "GEB".

Sarah Armstrong

IMA

INTM-SHU 101 Interaction Lab

I'm an IMA major with a Chinese minor. I chose to become an LA because I enjoy helping people. Within IMA, I like making projects that are meant for kids because they're very fun to make. In my free time, I love playing soccer/football. I normally would play for the school's team, but during this special time I am playing for another football club in Shanghai.

Peiyao (Winnie) Wang

IMA
INTM-SHU 101 Interaction Lab

Hi I'm a senior student majoring in IMA and Humanities. You can always find me on 8f studio or 2f cafe. Come say hi!

Xinyi (Skye) Gao

IMA
INTM-SHU 101 Interaction Lab

Hi there! My name is Skye Gao, and I am a senior majoring in Interactive Media Arts. With an interest in interaction design and art, my study involves physical computing & electronic, visual programming, and graphic design. I hope my knowledge and experience can support you in your work, and we can both learn throughout the process. If you have any questions or need any support, feel free to schedule an appointment with me and I will be more than happy to help!

Yuhang Zheng

IMA
INTM-SHU 103 Creative Coding Lab

Yuhang is a current sophomore at NYU Shanghai majoring in IMA and minoring in CS. Considering himself a beginner in storytelling, he has gained some practical experience in post production and coding through previous semesters of studying, and has grown interest in how computers facilitate creative expression. This is his first time becoming a Learning Assistant, and he is more than willing to go on this new journey of tutoring but also learning. Korean fried chicken and bubble tea are his favorite.

Tian (Jyoti) Jin

IMA

INTM-SHU 103 Creative Coding Lab

Tian Jin is currently a sophomore student at NYUSH, double majoring in Interactive Media Arts and Data Science. She has grown a strong interest in visual programming through previous semesters' studying as an IMA student. In her spare time, she very much loves photography, and enjoys everything that is aesthetically pleasing. She always considers tutoring as a two-way learning experience, which not only sparks new ideas but also helps consolidate personal understanding of knowledge. First time being a Learning Assistant, she welcomes whoever encounters difficulties or has ideas to share, and would be more than happy to offer help as much as she can.

Yanru Zhu

IMA

INTM-SHU 110 Application Lab

Yanru is a junior student double majoring in Business & Finance and Interactive Media Arts. With a broad interest and some experience in innovation from both design and commercial perspectives, he decides to become an LA for Application Lab. As an Erhu (a traditional Chinese instrument) amateur, Yanru is also interested in exploring possibilities of Chinese music in modern society through digital techniques. Feel free to reach out to Yanru if you have any questions:)

Emily Wright

IMA

INTM-SHU 120 Communications Lab

Hello everyone! I'm Emily and I'm from the US. I am currently studying remotely, and am an IMA major. I became an LA because I enjoyed Communications Lab, and I wish to help others have fun in this course as well. A few of my hobbies include painting and going to the gym! Despite being remote, I'm still excited to work with you all! Let's have an amazing semester.

Ziqi (Lydia) Yan

IMA
INTM-SHU 120 Communications Lab

Lydia Yan is a sophomore majoring in IMA. She is exploring her interests and willing to embrace new ideas. She likes to try all kinds of handcrafts, and she enjoys theater. Lydia is a returning learning assistant. She wants to be amazed by the brilliant ideas that her fellow students come up with during her tutoring sessions. She enjoys helping others to solve the problems they encountered, and she also likes to explore the new knowledge together.

Tianshu (Amy) Huang

Business
MKTG-SHU 1 Introduction to Marketing

Hi, I am Amy. I am currently a sophomore majoring in Economics and Psychology, minoring in Business Studies in CAS. My passionate academic fields are behavioral economics and integrated marketing. I will be the LA for Intro to Marketing in spring 2021. I want to become LA for this course, because I have pursued related internship previously and conducted similar work in many clubs. Therefore, I crave for a direct channel to share my thoughts about marketing with professors and my peers. I like traveling and photographing, also exploring delicious food as a super foodie. Hope to meet all of you guys in person! 😊

Yuechen (Murphy) Wang

Business

MKTG-SHU 1 Introduction to Marketing

Nice to meet you here! I'm currently majoring in Business and Marketing, and will probably challenge myself to double major in Data Science in the future. I am very interested in the Internet Industry and especially enthusiastic about those video platforms, which might result from the fact that I spend nearly 60 per cent of my free time watching movies, TV series, and lots of variety shows. I hope to become a professional business analyst in related fields after graduation, but there is still a long way to go. As a learning assistant for business courses, I welcome different kinds of questions since I believe we can always learn from each other and gain inspiring business insights through the discussions. Marketing is fun, if you have any questions or want to have someone chat with about your interesting ideas, welcome!

Yinyin (Linda) Lu

Business

BUSF-SHU 101 Statistics for Business and Economics

Linda Lu comes from Shanghai and is now a sophomore at NYU Shanghai. Linda double majors in Business and Marketing and Interactive Media Arts. Her academic interests include exploring innovative interactive services and experiences investigating new possibilities in media and communication. Additionally, Linda has internship experience in new media marketing and voluntary working experience at an animal shelter. Linda enjoys singing, songwriting, musicals, comedy, traveling and learning Korean.

Yiyue (Cecilia) Chen

Business

BUSF-SHU 101 Statistics for Business and Economics

I'm still trying to figure out my majors, probably Economics and Computer Science. Fun fact: as an NYU New York sophomore, I've never lived in New York (studied away in NYU Florence in first year).

Tong (Kitty) Jiang

Business

BUSF-SHU 101 Statistics for Business and Economics

Hi everyone! This is Kitty, a senior student majoring in Finance and minoring in Data Science. I have been working for ARC for three semesters and was in charge of Calculus, Statistics for Business & Econ, and Foundation of Finance, so this semester is the fourth time for me to be an LA. I love ARC, because you could not only receive academic supports but also make new friends here. Hope you all could enjoy your time at ARC!

Finn Moritz (Finn) Bader

Business

BUSF-SHU 101 Statistics for Business and Economics

Hey everyone! My name is Finn and I am from Cologne, Germany. I am a sophomore planning to major in economics, possibly with a minor in Psychology and/or Chinese. Academically, I am interested in behavioral economics and macroeconomics. In my free time, I like to swim, cycle, play the piano, explore around Shanghai or just hang out with friends. I'm looking forward to meeting everyone!

Cheng (Aurora) Yao

Business

BUSF-SHU 202 Foundations of Finance

Aurora is a senior student at NYU Shanghai, majoring in Business and Finance.

Yuezhou Cai

Business

BUSF-SHU 202 Foundations of Finance

Hi everyone! I enjoyed working as a LA for two semesters, and I am excited to come back. Looking forward to meeting you all at ARC!

Linhui Wu

Business

BUSF-SHU 250 Principles of Financial Accounting

My name is Linhui and I am a senior student major in finance. I like swimming and going to gym after class. I am quite interested in business research. Welcome to visit me in office hour.

Xin Lyu

Business

BUSF-SHU 250 Principles of Financial Accounting

Xin is an NYU Shanghai portal student major in business and finance, class of 2023. She is more than happy to share her learning skills with others. Xin is thrilled to become a learning assistant and support NYU Shanghai community members academically. In her free time, Xin enjoys sleeping and eating. Her favorite food is Korean style fried chicken.

Kehl Li

Business

BUSF-SHU 303 Corporate Finance

Hi everyone! My name is Kehl Li. I'm a senior in NYU Shanghai studying Business & Finance. I'm glad to be here as a part of the ARC LA program for the third semester. I've been a LA in Stats for Bus & Econ and FOF in past semesters and will be supporting Corporate Finance for this semester. Please do not hesitate to make an appointment if you need any help!

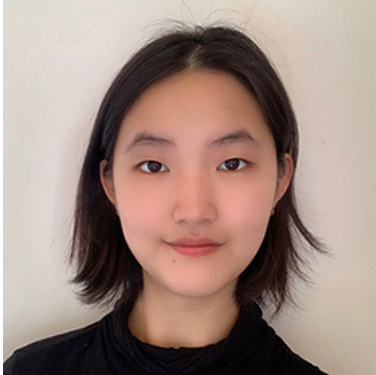

Tianren (Victoria) Xie

Business

BUSF-SHU 303 Corporate Finance

Hi everyone! I'm Victoria, a current NYU Shanghai junior major in Business and Finance, minor in Data Science. During my free time, I like dancing since I've been dancing for more than fourteen years. I've been exposed to almost all dancing styles and if you want to dance together feel free to contact me:) This is my second time being an LA and I will serve as the LA for Corporate Finance. I hope every LAs can enjoy this position and gain some skills that are beneficial to future careers, and most importantly, stay safe!!

Yumo Yao

Business
BUSF-SHU 210 Business Analytics

My name is Yumo Yao, a junior majoring in Business and Finance. I'm good at conveying information and elaborate obscure concepts. I'm a music lover, and I would spend my spare time enjoying beautiful music. Anyway, always feel free to reach out to me, and hope we enjoy a joyful time at the ARC.

Tao Zhang

Business
BUSF-SHU 210 Business Analytics

I am a senior at NYU Shanghai, and I double major in Business and Finance and Data Science. I enjoy using data analysis skills to support financial decision making. My research interest is in the volatility of the Chinese capital market. I am currently applying for master's programs. If you have any questions about graduate school applications, feel free to ask!

Meiyi (Audrey) Zang

Business
ACCT-UB 1 Prin of Financial Acctg

Hi, my name is Audrey and I am a sophomore intended to study accounting and finance. In my spare time, I love to read, cook, and to walk around exploring the city. I also like basically all kinds of music, movies, and sitcoms, so do not hesitate to reach out if you have any cool recommendations! It is my pleasure to be your LA for Financial Accounting this semester, and I look forward to getting to know y'all : D

Yifei Zou

Business
FINC-UB 2 Foundations of Finance

I am a senior student at NYU Shanghai majoring in Business and Finance. I am passionate about finance and economics, and I enjoy watching soccer games. FORÇA BARÇA!

Jorge Barreno

Business
FINC-UB 7 Corporate Finance

Jorge is an NYU Shanghai student from Quito, Ecuador. He is a senior double-majoring in Finance and Data Science. Hence, his academic interests are mainly financial applications of ML and AI. He enjoys playing basketball and reading non-fiction books.

Nuo (Ivy) Xiao

Business
MKTG-UB 1 Intro to Marketing

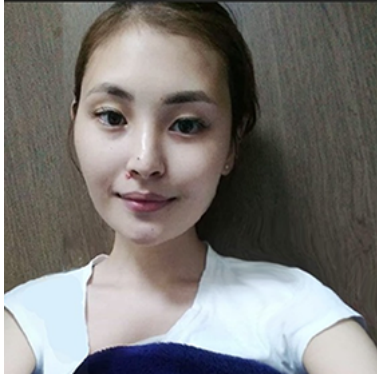

Hey, I'm Ivy, a 2023 NYUer. I'm eager to talk to each of my students and make new friends through academic inquiry and conversation about life!

Wanyi (Skye) Yang

Business
BUSF-SHU 101 Statistics for Business and Economics

My name is Wanyi, you can call me Skye. I'm currently a junior major in Business and Finance with a Data Science minor. I have passion and enthusiasm for investment and financing. I'm easy-going and always willing to help. A fun fact is that my decision-making skills resemble a squirrel crossing the streets.

Almazhan (Alma) Abdukhat

Economics

ECON-SHU 1 Principles of Macroeconomics

Hi everyone! My name is Almazhan (you can call me Alma) and I am a senior at NYU Shanghai studying Economics and Computer science. I've become an LA since it's a very valuable professional experience and I also really enjoy helping others to learn - it helps me to improve my own knowledge and grow as a person. I am excited about economics, tech, traveling and k-dramas - feel free to reach out to me!

Shanshan Gong

Economics

ECON-SHU 202 Intermediate Macroeconomics

Hi~ My name is Shanshan, a junior from NY campus. I'm currently majoring in Economics and Computer Science. I decided to become an LA because I want to help explain concepts that might be confusing, I wish to gain some professional skills as a teacher, and also because I want to meet new friends! As for hobbies, I love going to cat cafés and room escapes, and I'm always drinking bubble tea~

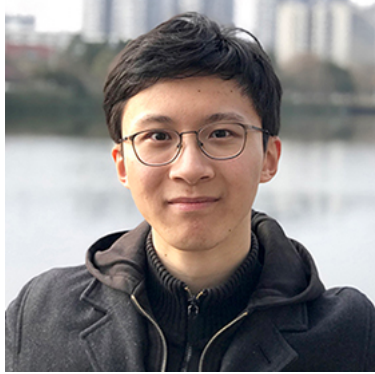

Ruiyu (Jane) Wang

Economics

ECON-SHU 251 Economics of Global Business

I am Ruiyu, a senior from NYU Shanghai. Currently pursuing a double major in Economics and Business&Finance, I am interested in exploring macroeconomic uncertainties and the financial markets. Looking forward to learning with all of you in EGB!
Fun fact: As a fanatic theater goer, I am constantly missing Broadway.

Yihan Xu

Economics
ECON-SHU 3 Microeconomics

Hi, I'm Yihan Xu, an aspiring economist (not really). I'm a junior economics major at NYU Shanghai. Spring 2021 is my first semester working as a Learning Assistant, but I'm really interested in academic tutoring and helping students in need. In fact, I would love to work as a professor in the future, so you will be my first students! Academic-wise, I have been working with professors doing research on various topics in both economics and finance, and I really enjoy the process. I also keep an economics blog called mr xu econ where I post opinion pieces, news articles, and sometimes research papers from my classes.

Bolin (Sam) Wang

Economics
ECON-SHU 3 Microeconomics

Hi! My name is Bolin Wang, Sam. I am a sophomore student, majoring in economics, politics, and minoring in philosophy. Being able to help others to understand one of my favorite subjects is such a pleasure. Academically, social sciences are appealing to me in general. Besides my majors, I am also interested in music, especially jazz. Watching comedies is my fondest hobby. Who doesn't want some jokes after studying economics all day? My favorite comedians are Dave Chappelle and Key and Peele.

Haoze Zhu

Economics
ECON-SHU 301 Econometrics

Haoze intended to major in Economics till the first semester of his junior year, and he is currently switching to the Psychology track of Social Science major. Haoze pays attention to the interaction of human beings as individuals in society and the cognitive basis behind human social behavior. Meanwhile, he prefers to use quantitative methods and experimental research to study social issues. In Economics, Haoze has taken elective courses in economic theory and research methods. He is looking forward to discussing class problems, learning strategies, and any other interesting thoughts with his peers!

Shan Huang

Economics

ECON-UA 1 Introduction to Macroeconomics

My name is Shan Huang, and I am currently a Junior studying Economics and Mathematics in College of Arts and Science. I enjoy Economics, Mathematics and Business courses, and I aim to work as a consultant in the future. Through being a LA, I seek to assist students with similar passions or are taking courses in these fields. In my leisure time, I am interested in art and dance, and one fun fact about me is that I wanted to be an industrial designer before I decided on my current major.

Hanqing Cao

Economics

ECON-UA 18 Statistics (P)

Hi, I am Hanqing Cao (Gloria), a sophomore from the NY campus. I am still undecided about my major but I will figure it out ASAP! I am a returning Learning Assistant and will be responsible for ECON-UA18 this semester. During the first two semesters in NY, I took ECON-UA18 as well as STAT-UB3 and found statistics pretty interesting. I am also interested in tutoring others. So, here I am! I am also a big fan of the Harry Potter series, and I love Chinese folk dance. *FUNFACT*: I wasted four air tickets in 2020. Please feel free to reach out to me if you have any questions about the courses or the NY campus!

Qianhui (Selena) Zhao

Economics

ECON-UB 11 Economics of Global Business

I'm a Go Local student from home campus NY! Class of 2023 at Stern School of Business and interested in finance. :) Come to me if you have any problems with EGB or just want to discuss something about finance. Look forward to meeting with you!

Ning Yang

Economics
ECON-UA 231 Money and Banking

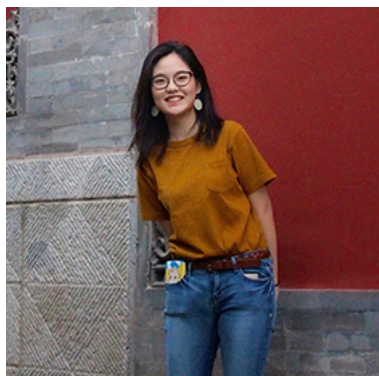

Hi----My name is Ning. I am currently a junior, pursuing double majors CS & Econ and a BS minor. I love music, jazz(dance), taekwondo, delicious food, and any other interesting things. Welcome to ask me questions :)

Qilin Zhang

Chinese
Elementary Chinese I & II
Elementary Chinese for Advanced Beginners

Class of 2021, Economics, Linguistics, fascinated by minds, languages, and sounds. My mission is to show you the vividness and beauty of the language. Once there is the urge to talk, the Eureka's are on their ways. I want to be able to see this world through your eyes and will show you mine, alongside which I would love to discuss with you the phonetics, orthography, and syntax of the language. One requirement though, think about me as a friend ;)

Yuntong (Hazel) Dai

Chinese
Elementary Chinese I & II
Elementary Chinese I - FoS1
Elementary Chinese II FoS
Introduction to Chinese Conversation

Having been a Chinese learning assistant for two semesters, Hazel is willing to cope with any questions you have. She is now a sophomore at NYUSH, double majoring Psychology and IMA. Feel free to come to her if you are confused by Chinese, big-sister-energy guaranteed

Yuewen (Jannie) Zhou

Chinese
Intermediate Chinese I & II
Intermediate for Advanced Beginners

As the learning assistant for Intermediate Chinese, I major in Interactive Media Arts with a minor in Computer Science. I have been the learning assistant for Intermediate Chinese for over two years now and I am returning this semester. Having a passion for tutoring people and eloquences in both Chinese and English, I am willing to help non-native speakers to learn Chinese and more importantly, exploring the beauty of Chinese. Chinese is fun, beautiful and practical for students in NYU Shanghai, and I believe I could help you in your journey of learning Chinese!

Yuhong (Anakin) Wang

Chinese
Intermediate Chinese I & II
Accelerated Intermediate Chinese I
Accelerated Intermediate Chinese II

Hey guys, I'm Yuhong Wang from Class 2023, Business & Marketing Major. You can call me Anakin and obviously, I am a fan of Star Wars. Academically and professionally, I am interested in exploring new territory and always willing to try new things. Different views and voices are attractive and welcome. I learnt Liberal Arts in senior high and was experienced in Chinese and ancient Chinese study. Hope my skills can help you better.
